

St John's Church, Needham Market

HEALTH AND SAFETY STATEMENT OF POLICY

The policy of this Church insofar as is reasonably practicable is to provide and maintain a safe and healthy working/worshipping environment for our clergy, congregation, voluntary helpers, contractors and any other persons who may visit our Church, Churchyard and associated buildings.

In pursuance of this aim we undertake to provide such information, training and supervision as may be deemed prudent for this purpose.

The allocation of duties and particular arrangements required to implement this policy are detailed in support documentation which is available on request.

The policy and relevant risk assessments will be reviewed regularly and amended to reflect any changes in the nature and extent of the church's activities.
